**RE: Air Carrier Consultation Meeting for
Passenger Facility Charge Application
Arnold Palmer Regional Airport (LBE)**

The Westmoreland County Airport Authority is applying for approval to impose a Passenger Facility Charge (PFC) on all passengers enplaning scheduled air service at Arnold Palmer Regional Airport. Revenue collected from the PFC will be used by the authority to assist in funding aviation-related capital improvement projects and to help recoup the non-federal share of the cost of Federal Aviation Administration (FAA) approved projects to be funded under the FAA's Airport Improvement Program (AIP) in the current and coming years. Under FAR Part 158.2 requirements, an air carrier consultation meeting has been scheduled to discuss this proposal on:

Tuesday, February 9, 2021

8:30 a.m., Authority Conference Room

Main Terminal, Arnold Palmer Regional Airport

Conference Call No.: 855-200-6848 ID# 4736

Each air carrier will have 30 days from the date of this notice to provide the authority with written acknowledgement of receipt. Air carriers will have 30 days from the date of the meeting to present any objections to this application in writing. Any questions regarding this application may also be addressed to our office at 724-539-8100.

For your review, enclosed is a tentative description (pending FAA approval) of the projects that are being considered for funding with PFCs at the current PFC level of \$4.50 and the total anticipated collection. The proposed charge effective date is Wednesday, April 14, 2021. Termination date remains to be determined. If any additional information is needed, please feel free to contact our office. Thank you for your time and consideration of this proposal.

Sincerely

Gabriel E. Monzo, Sr.
Executive Director
